**PORTFOLIO** : <https://linxbalajin.github.io/LinXBalajiN-Folio/>

## PROFESSIONAL PROFILE

Results-driven PHP/Laravel Web Developer with 2+ years of experience building scalable web applications and RESTful APIs. Backed by a Bachelor's degree in Information Technology and hands-on expertise in full-stack development (PHP, Laravel, MySQL, JavaScript), delivering secure and efficient digital solutions. Proven ability to:

- Develop high-performance applications using Laravel's MVC architecture
- Design responsive UIs with modern frontend tools (Bootstrap, JQuery, AJAX)
- Write clean, maintainable code following OOP and best practices
- Collaborate effectively in remote and on-site team environments
- Continuously adapt to evolving technologies and development trends

Seeking to contribute my technical skills and passion for user-centric design in a forward-thinking organization where I can build impactful projects and deepen my backend development expertise.
